Abbeyfield The Dales Ltd. Registered Charity Number: 1160258, Company No: 9008680, Home England No: 5066

We recently asked you to take a moment to complete this years Resident, Service Users, Friends & Family and Professional Surveys.

This was your chance to let us know how you really feel about Abbeyfield The Dales. We cannot stress enough how important your views are to us, without your input we cannot possible grow as an organisation, and we certainly cannot develop the areas where you think we fall down without bringing them to our attention.

Thank you to those of you who took the time to complete this, your feedback is greatly appreciated. We hope this report is useful and also hope that you will take part in next years survey.

Lastly, surveys are not the only way of providing feedback, you can raise concerns at any point with your Service Manager or any other member of staff.

Open Questions

What is the one thing you would change about living with Abbeyfield the Dales, and why? & If you scored 'Inadequate' for any question, please tell why and how we can improve.

Comment

The view from my flat, only one available when I came here. Dietary requirements are not specific.

Response

We'd be delighted to accommodate you where we can and offer you an alternative apartment when one becomes available, please keep communicating with the manager of your service to make this happen.

If you have any specific allergy and preferences please communicate this with staff and we'll accommodate where we can.

Comment

Heat becomes unbearable especially in summer months, any chance of regulating temps more satisfactorily.

Response

We have installed some new blinds with heat and solar glare reflective panels to reduce the heat gain into the building when temperatures are high. We have also purchased some portable air conditioning units to bring relief on the few days when temperatures are unbearable for all of us, we also follow guidance to keep areas cool and residents hydrated.

Comment

Events that could, and do, include family and friends and therefore be opportunities for more of their involvement plus could be fund raising opportunities are not well advertised/communicated. Often turn out to, and support of, those events is poor because of lack of communication/promotion.

Response

Family and friends are welcome to join in every activity in our properties, and you should never be made to feel otherwise. Please speak to our Activities Coordinator for details on coming events and check notice boards where you'll find the weekly planner.

What is the one thing you would change about living with Abbeyfield the Dales, and why? & If you scored 'Inadequate' for any question, please tell why and how we can improve.

Comment

I have mentioned this before. It would be really helpful to get a regular update on any activities that mum has participated in, as she does not remember what she has done. I have the feeling that she generally does more than I know about. This could form the basis for some additional conversation with her. A brief weekly message would suffice. Thanks

Response

We do record which resident participates in the activites we provide. Please speak to the manager of the service where your mother lives who should be able to provide you with details we are able to provide you with.

Comment

I thing the cost of meal delivery is excessive if you need them bringing to you. I appreciate 15 minutes is minimum but it does not take that much time to bring a meal especially when you are bringing meals for others.

Response

A minimum 15 minute charge is standard practice in a domiciliary care service. We understand that a 15 minute charge could be excessive for the delivery of meals, but there is more to the process in the kitchen, and additional items to wash for meal deliveries; the charge covers the cost of the full additional time involved, and not simply the delivery of the meal.

Comment

I use Relative's Gateway to keep up with the care Dad receives because he has mild dementia and his short term memory is variable. Unfortunately the format of the notes makes it a challenge to find useful information within them. They are extremely repetitive, impersonal and sometimes confusing. What I do want to do is bring to your attention the unreadability of this format.

Response

Please could you discuss this with the manager of the service where your loved one lives se we can see if there is anything we can do to improve how we record care and support interventions with your father, and communicate with you. We wish to learn, and are always open to suggestions.

Complaints

We are committed to providing the highest possible quality of service. However, we understand that sometimes things go wrong and you may wish to make a complaint.

If something goes wrong, your first course of action should be to raise the issue directly with the relevant manager or staff member concerned. In many cases, they will often be able to put things right very quickly and simply and no further action will be required. However, if you do not feel comfortable doing this, or you are dissatisfied with the initial response, you can make a complaint in many ways – and you don't have to put it in writing if you don't want to.
